

## Help The Indiana Theatre Regain Her Voice

In April 1928, a Wurlitzer theatre pipe organ debuted at the El Capitan Theatre in San Francisco, CA. Later, the instrument was moved to the Fox Theatre in Salinas, CA before leaving the Golden State in 2005, destined for Indiana. The instrument will celebrate her 80<sup>th</sup> birthday in 2008 at the Indiana Theatre, her voice sounding better than ever!

Please consider a tax deductible contribution to help bring this historically significant project to completion.
